Allowable Subject Matter

Claims 1, 3-16, 18-25, 27-33, and 37-41 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art either alone or in combination doesn't show or teach "the at least one code generation goal being used to generate embedded code from the graphical model in a graphical modeling environment, the at least one code generation goal relating to a characteristic of the code to be generated from the graphical model, the graphical model representing a dynamic system having time-changing behavior modeled with differential, difference, and/or algebraic equations, the graphical model being capable of simulation based on the equations; changing parameters of the graphical model that are inconsistent with the at least one code generation goal; and generating embedded code in accordance with the at least one code generation goal" in combination with other features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
